

Color My Soul for 2020

Vision Day for Creating Your Optimal Soul Path

Are you ready to make 2020 the best year of your life? Better yet... are you ready to **receive** everything you really want? If you want more radiance, clarity, certainty, and focus then it is time to invest in yourself so you can claim your optimal life.

Are you ready?

Saturday, January 11th,
8:30 a.m. to 4:30 p.m.

Soul Health Center, 2990 Bethesda Place, Suite 602-A,
Winston-Salem, NC 27103

Ultimate soul health entails aligning with your inner ally to create the life that best fits your soul's desires. Many of us hesitate and even avoid following our truth, but the time has come to immerse ourselves in the colors of our soul in order to lead the life we've always wanted.

Come join **Dr. Katherine Kelly** for this one-day, soul-filled retreat which will help you access your soul's palette and paint your way to radiant soul health! Visualization, "structured soul-searching", color, stones, aromatherapy, and sound therapy will be used to help you create and manifest your optimal life for 2020 and beyond.

During this retreat, you will:

- Dive deeply into your soul to create your ultimate vision for 2020
- Learn to listen to your inner wisdom to create the life you want
- Gain trust in your inner ally as it guides you on your path,
- Create a soul-based action plan to step into your soul's desires, and learn how to use color, stones to manifest your visions and dreams

All you need to do is come ready to take your journey to your soul and welcome your creative energies that will help you to color your life for the upcoming year. I recommend bringing a journal and wearing comfortable clothing so you can relax into the day. Other than that, you will sit back and allow your soul to lead the way to creating your Vision for 2020!

Vision Day Fee: \$135.00

Includes all supplies including paint, canvas, healing gemstones, and essential oils.

Please bring a simple lunch (microwave and fridge available).

Healthy refreshments will be provided.
